	ng by the Excise Comm relates to opium. No form for ganja has been proposed. Perhaps a similar form of license will be used ~~for~~ in that connection.
	2 As this is a new concern a new form has been proposed, the lics now in use are those relating to the retail vendor and the medical practitioner. An attempt was made to find out the for purposes of comparison the practice in Madras and Bombay. So far no information is available.
	3 The license is for the manufacture, possession, and sale of opium preparations and is to be in force for one year. The question is also noted. The conditions are general. A draft is sub? for orders.
	4 One suggestion is made in this connection. As this license is a new thing of the kind, may the Excise Comm be requested to give for the information of Govt.
